Ms. Diana Bailey
U.S. EPA, Region VII
Superfund Division
901 North 5th Street
Kansas City, Kansas 66101

Subject: Forbes Field Ordnance and Explosives Waste (OEW) Project, Topeka, Kansas.

Dear Ms. Bailey,

Reference is made to the Formerly Used Defense Site (FUDS) Project Review Meeting held on March 6, 2001, at the Richard Bolling Federal Building, and attended by EPA, KDHE and Corps of Engineers personnel.

At this meeting you offered the services of EPA's Superfund Removal Assessment office to perform geophysical mapping at a potential munitions burial area located on Forbes Field property.

The Kansas City District accepts your offer of assistance in this matter. Your agency's involvement will provide useful data that will benefit our future OEW investigation at the site.

Please notify the Project Manager, Ms. Josephine Newton-Lund at 816-983-3912 as soon as you begin coordination activities; allowing time to arrange for the Omaha District ordnance support office to review your work plans prior to fieldwork.

We appreciate your support and look forward to working with you at this site.

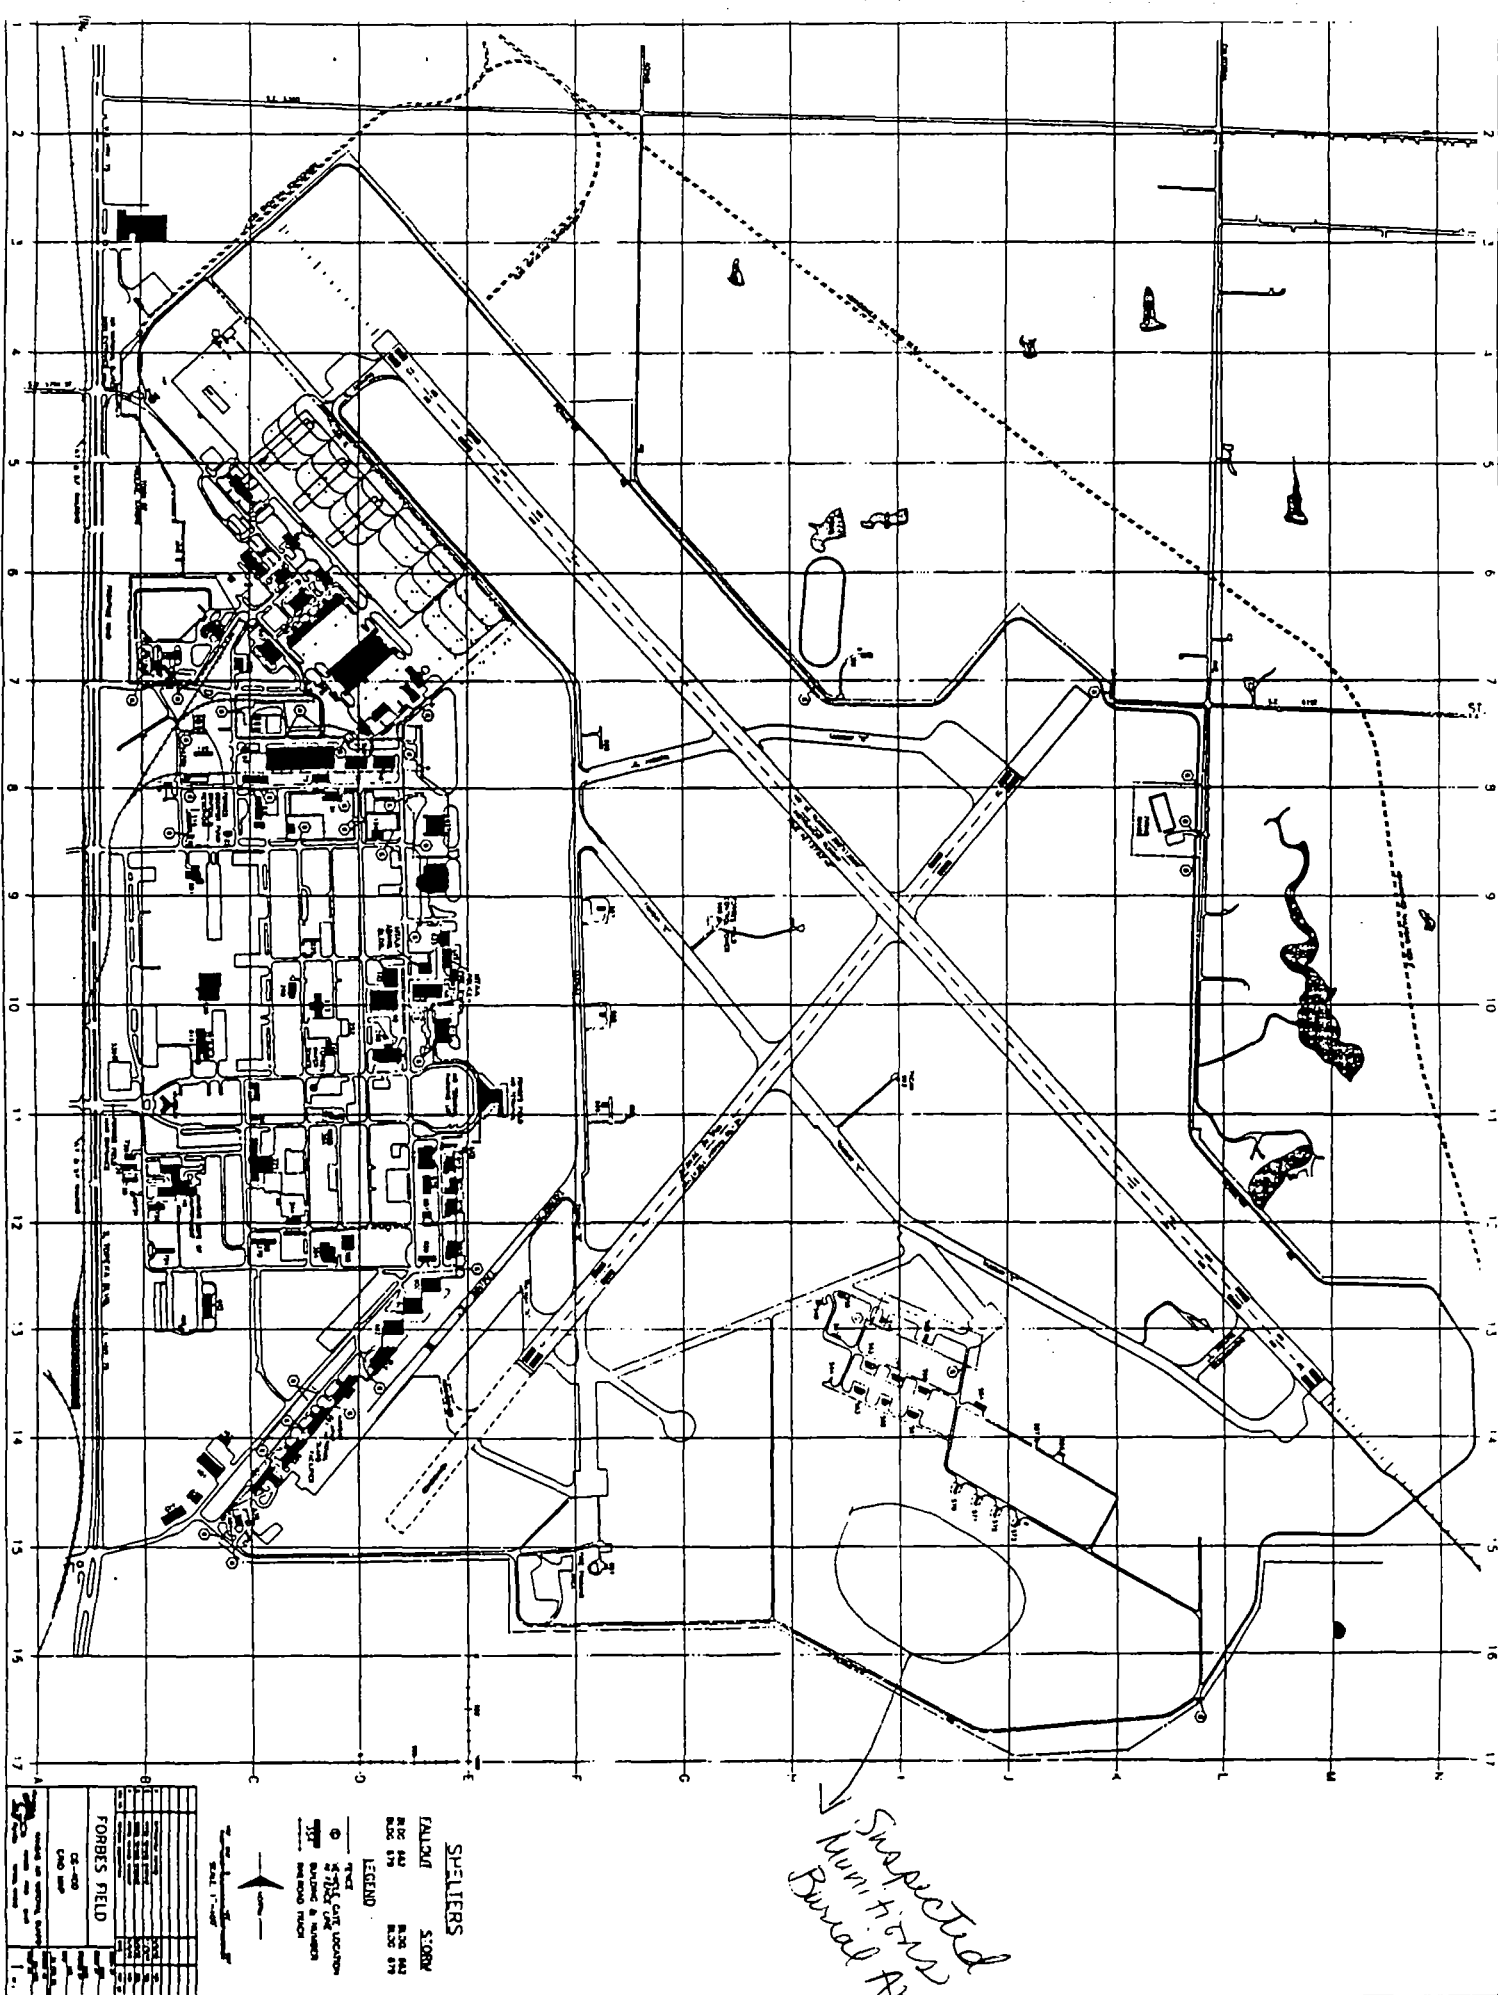

Sincerely,

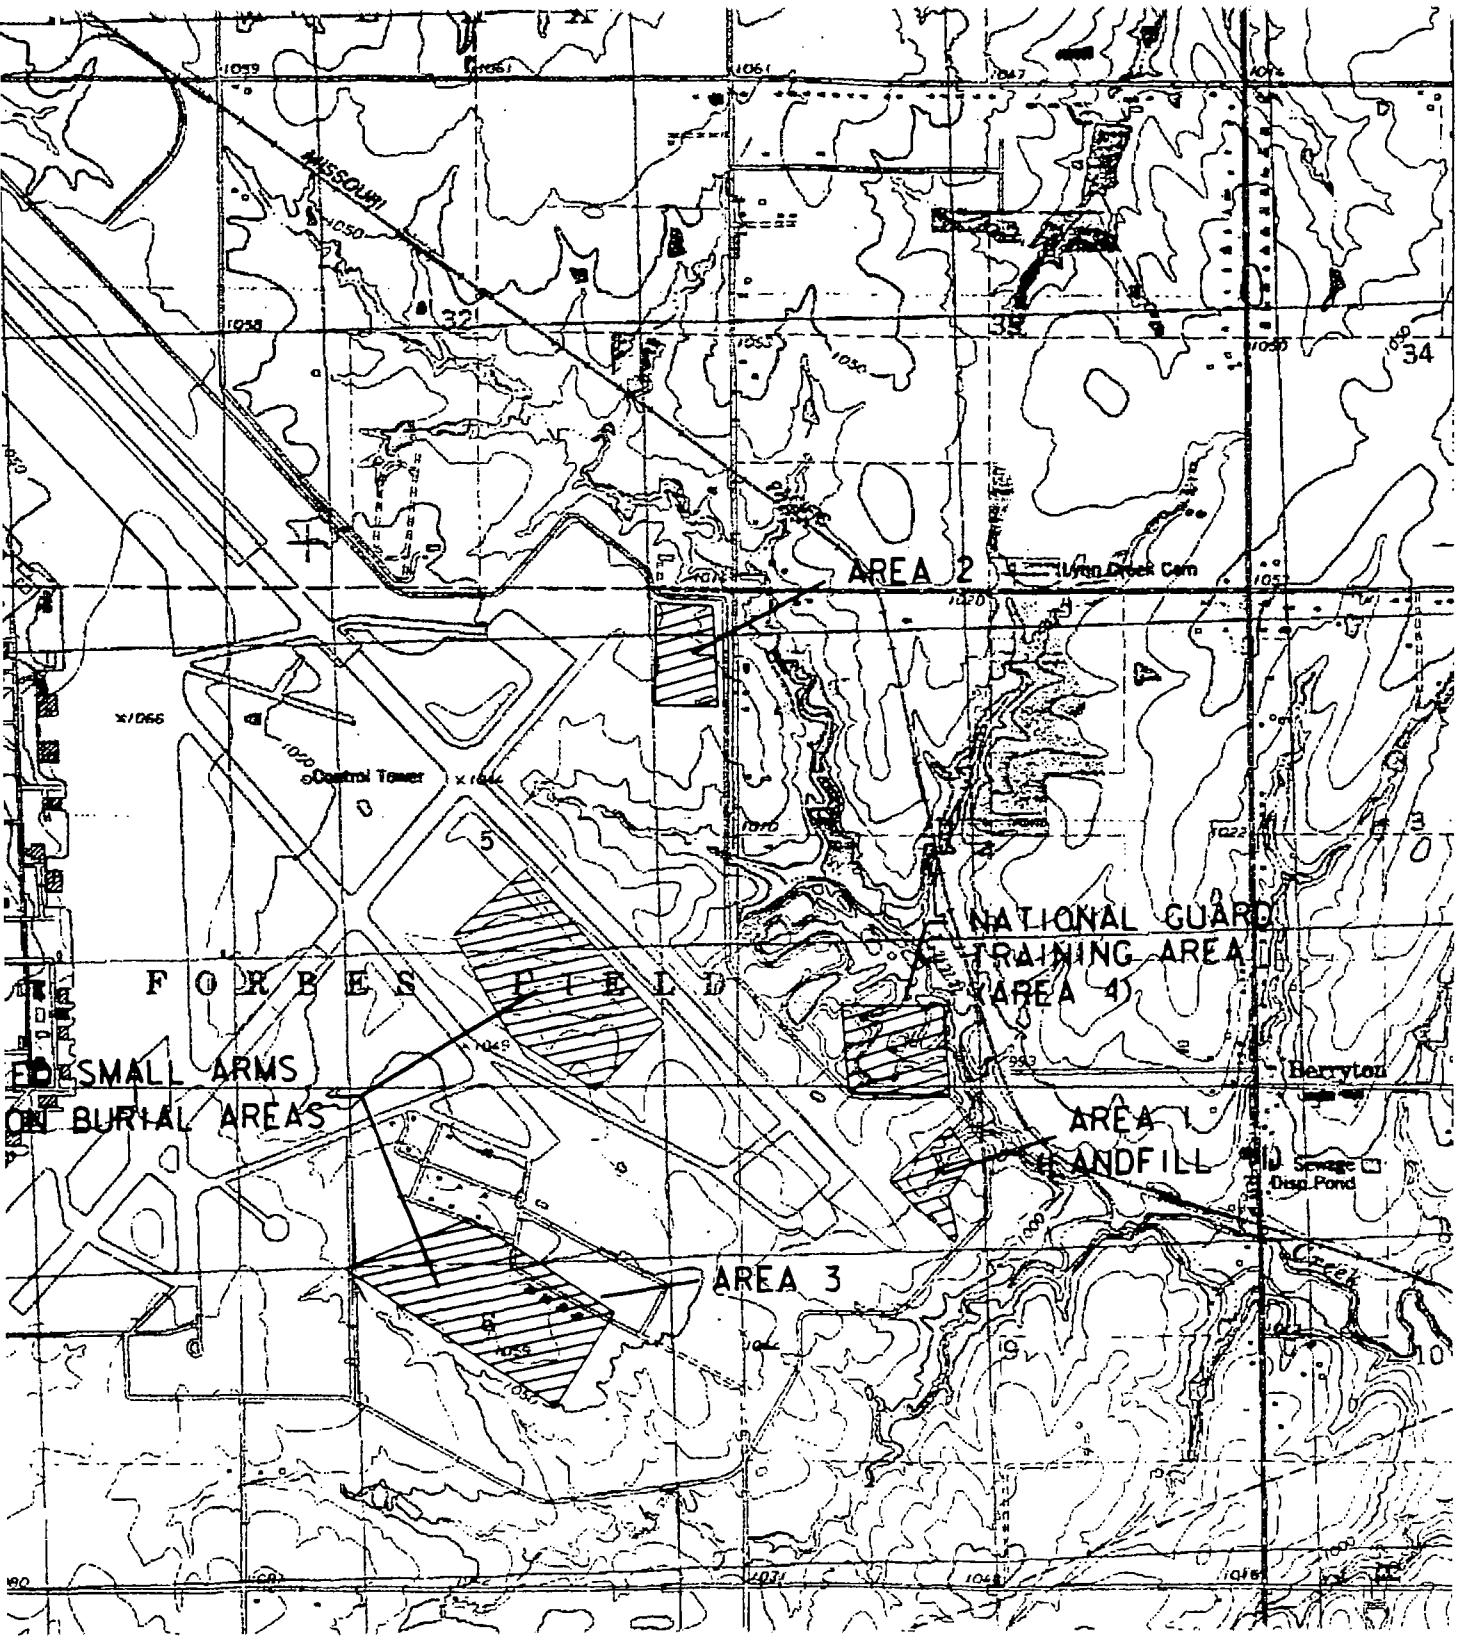

Leland C. Fuerst
Chief, Environmental
Engineering Branch
